**VILLAGE OF COTTAGE GROVE
VILLAGE BOARD OF TRUSTEES
Monday, November 7, 2016**

MINUTES

1. Call to order

The November 7, 2016 regular meeting of the Village Board of Trustees was called to order at 6:30 p.m. by Village President Jack Henrich.

2. Determination of quorum and that the agenda was properly posted.

It was determined that there was a quorum of members present and that the agenda was properly posted. Village Board members present were: Troy Allen, Jack Henrich, Alex Jushchyshyn, Jennifer Pickel, Harvey Potter, John Williams. Absent and excused was Kyle Broom. Staff present were Village Clerk Lisa Kalata, Administrator Matt Giese, Village Planner Erin Ruth, Village Treasurer Deb Winter, Director of Public Works and Utilities JJ Larson, and Village Attorney Leighton Boushae.

3. Pledge of Allegiance.

4. PUBLIC APPEARANCES – *Public's opportunity to speak about any subject that is not a specific agenda item.*

Harvey Potter wanted to thank the Community of Cottage Grove for supporting the St. Jude charity drive at Stop-n-Go there was \$1,600 raised from this community.

5. Discuss and consider the minutes of the regular Village Board meeting of October 17, 2016 and October 24, 2016.

Motion by Allen to approve the minutes of the regular Village Board meeting of October 17, 2016, seconded by Potter. **Motion** carried with a voice vote of 6-0-0.

Motion by Jushchyshyn to approve the minutes of the Village Board 2017 Budget Workshop of October 24, 2016, seconded by Allen. **Motion** carried with a voice vote of 6-0-0.

6. Presentations to the Board

a. Presentation by Monona State Bank regarding Christmas in the Grove

Amy Bauer branch manager was present to explain the events planned for Christmas in the Grove. The event will be December 2nd and 3rd this year. The parade will be at 7:00 p.m. on Friday, with the Christmas tree lighting to follow.

7. New Business

a. Discuss and consider operator's license application for Kady Wolfe

Motion by Pickel to approve the operator's license application for Kady Wolfe, seconded by Henrich.

Motion carried with a voice vote of 6-0-0.

8. Unfinished Business

a. Discuss and consider DaneCom agreement

Motion by Henrich to table item 8a. until the November 21, 2016 board meeting, seconded by Pickel.

Motion carried with a voice vote of 6-0-0.

9. Reports from Village Boards, Commissions & Committees

a. Parks, Recreation & Forestry Committee

Pickel reported that they met on October 19, 2016 and that the Eagle Scout project of Griff Haase is completed. Sean and Reese attend a conference and came back with great tips for the department. The Zombie run was a success. Reese was also voted 2016 Young Professional of the Year.

b. Deer-Grove EMS Committee

Potter reported that the run fees are over the budgeted amount through September but they are still down over all from last year. They are working on a personnel handbook. The purchase agreements have been signed for the new ambulances. The discussion is still on going with Marshall Area for EMS services and Cambridge is now interested in EMS services also.

c. Law Enforcement Committee

Henrich reported that there was not a quorum at the last meeting.

d. Plan Commission

Henrich reported that the meeting was very interesting, Summit Credit Union presented the concept plan for a future building in Commerce Park. Ruth explained it will be a six store building with 120,000

square feet and will be their corporate headquarters for 250 employees. The Plan Commission was very responsive to the plan; it is a good project.

- e. Public Works & Properties Committee
Jushchyshyn reported that MSA is still working on the final plan for the Seldal Plat project. There will be a joint meeting with Utility Commission on December 7, 2016 and the public hearing for the Seldal Plat project.
- f. Emergency Government Committee
Allen reported that they had a mock table top exercise with Hydrite. It was a very detailed in depth four-hour training. The next meeting will not be until January 4, 2017.

10. Reports from Village Officers:

- a. Troy Allen-Reminder to Vote
- b. Kyle Broom-Absent
- c. Alex Jushchyshyn-None
- d. Jennifer Pickel
 - i. update of current activities involving the Monona Grove School District.
Shout out to a successful fall sport session, football is still in the playoffs, Cross Country went to state and Volleyball was successful as well. The Police Department handed out candy throughout the neighborhoods on Halloween, it was nice to see them out. The Gala for Monona Grove School District was a success as well, \$13,000 was raised for school programs.
- e. Harvey Potter- None
- f. John Williams -The Police Department did a great job with directing traffic for the Girls on a Run 5-K event.
- g. Jack Henrich- The Police Department, Matt and staff did a great job resolving a property issue this week. The staff has also done a great job with early voting.
- h. Attorney Lee Boushea- At the Plan Commission meeting there were four trustees that attend as well. We do try to plan on this, but if you could call Lisa to let her know if you plan to attend a meeting that you are not part of the committee, we can get an agenda posted as well.
- i. Administrator Matt Giese- I apologize that the meeting is not being recorded, we will get a notice on the website for the public.
- j. Director of Planning and Development Erin Ruth- The first draft of the community videos from CGI have been reviewed and look good. The DOT will be holding public meetings on the I94 project on November 15, 2016 at the Southwest Regional office and November 26, 2016 in Poynette.
- k. Chief Layber- Officer Jeffers handed out candy for Halloween and Chief Layber on their own time and expense. The department did alcohol compliance checks this past weekend and only one violation was cited.

11. Communications and Miscellaneous Business

- a. Consider approval of vouchers
Motion by Pickel to approve the Village portion of the vouchers in the amount of \$133,655.80, seconded by Allen. The check sequence goes from check #41310 to check #41396. **Motion** carried with a voice vote of 6-0-0.
- b. Correspondence-None
- c. Future agenda items
Dane Com

12. Closed Session: The Village of Cottage Grove Village Board will enter into Closed Session pursuant to Wisconsin State Statute §19.85(1)(e) deliberating or negotiating the purchase of public property, investing of public funds, conducting other specified business whenever competitive and/or bargaining reasons require a closed session; negotiate terms for potential development in Commerce Park with Summit Credit Union and Landmark Corporation.

Motion by Henrich to enter into closed session at 7:21 p.m., seconded by Pickel. Motion carried with a roll call vote of 6-0-0.

13. Reconvene into open session and possible consideration of closed session items.

Motion by Pickel to reconvene to open session at 8:12 p.m., seconded by Jushchyshyn. **Motion** carried with a roll call vote of 6-0-0. No action was taken at this time.

14. Adjournment

Motion by Juschchyshyn to adjourn at 8:13 p.m., seconded by Allen. **Motion** carried with a voice vote of 6-0-0.

Lisa Kalata, Clerk
Village of Cottage Grove
Approved:

These minutes represent the general subject matter discussed in this meeting but do not reflect a verbatim documentation of the subjects and conversations that took place.

STAFF REPORT

MEMO DATE: November 15, 2016
MEETING DATE: **NOVEMBER 21, 2016**

TO: Village of Cottage Grove Board of Trustees
CC: Matt Giese – Village Administrator
Lee Boushea – Village Attorney

FROM: [Erin Ruth, AICP – Village Planning Director](#)

RE: **MADREP Business Guide Advertisement**

OVERVIEW

The Village of Cottage Grove has been presented with an opportunity to renew its advertisement in the 2017 version of the Madison Region Economic Partnership's (MADREP) annual business guide.

The 2016 version can be found online here: <http://www.businessclimate.com/madison-economic-development-digital-magazine/>

The printed version is widely distributed by MADREP throughout the Midwest and beyond. It is sent to site selection firms and copies are provided at conventions and trade shows.

A vertical 2/3 page ad costs \$4,940 (a slight reduction from last year's price). The Village could pay for the ad from its cable fund.

At its November 14th meeting the CDA reviewed three design options (see attached), all based on last year's ad. After discussing the designs the CDA voted unanimously to recommend placing the ad, and using Option 3 with the following changes:

- Replace Stihl quote with Johnson Health Tech quote from Option 1
- Emphasize the Village on the map (larger star, larger font)

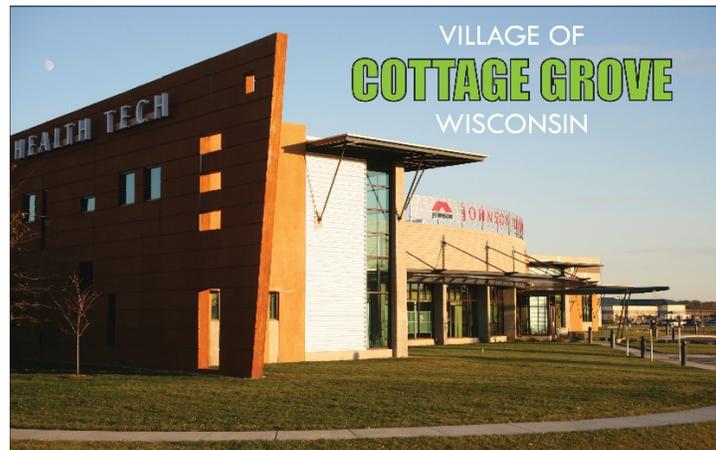

The resulting design is attached and labeled 'Recommended Option.'

STAFF RECOMMENDATION

Staff recommends approval of the Recommended Option, and placement of the ad in the MADREP Economic Development Guide using money from the Cable Fund.

OPTION 1

VILLAGE OF **COTTAGE GROVE** WISCONSIN

"As a whole I experienced a very positive attitude toward the development on behalf of the Village, staff, and administration going a long way toward making our project easier."

- Mike Swanson, President of Atlantis Valley Foods

"The first meeting I had with the Village, I walked out into the parking lot and I thought to myself, this is where our home is going to be."

- Murray Bishop, Manager of Exports & Logistics at Stihl, Inc.

"We've been able to recruit employees from all over to work at Johnson Health Tech in Cottage Grove. Being located just outside Madison, right off the Interstate and close to major cities like Milwaukee and Chicago makes Cottage Grove an attractive location."

Summary for Cottage Grove for YTD 2016:

Cases Referred: 26 Male
 10 Female

Average Age: 16

Cases Open: 13

Please Note: Some defendants had more than one ticket. Each ticket is counted as a case.

Volunteers – As of now we have a total of 5 consistent volunteer. If you know of anyone who is interested, we always have room! Hopefully there will be future Jury Duty members that continue to be volunteers also.

Additional Comments:

Number of referrals for Cottage Grove have doubled from last year at this time. 😊

VILLAGE OF COTTAGE GROVE

NOTICE OF PUBLIC MEETING

Village of Cottage Grove

PARKS, RECREATION and FORESTRY COMMITTEE

Wednesday, November 16, 2016

6:30 P.M.

Municipal Services Building

210 Progress Drive

****note day and time change****

AGENDA

1. Call to order.
2. Roll call and confirm that the meeting was properly posted.
3. **Public appearances:** Public's opportunity to speak about any subject that is not a specific agenda item.
4. Forestry Report.
5. Budget Update.
6. Discuss and consider Town of Cottage Grove fees for rec programs.
7. Discuss and consider Parks & Open Space Plan.
8. Discuss and consider the Capitol Equipment Plan Changes.
9. Parks and Recreation Directors Report.
10. Approve the minutes of the October 19, 2016 meeting.
11. Future Agenda Items
12. Adjournment. The PRF Committee will adjourn no later then 9:30 p.m. Any agenda item not considered or remaining shall be forwarded to the next committee meeting.

Notice:

1. Persons needing special accommodations should call 839-4704 at least 24 hours prior to the meeting.
2. It is possible that members of and possibly a quorum of members of other governmental bodies may be in attendance at the above stated meeting to gather information; no action will be taken by any governmental body at the above-stated meeting other than the governmental body specifically referred to above in this notice.
3. Any item on the agenda is subject to final action.

PLAN COMMISSION

Thursday, November 17, 2016 6:30 P.M.

Village Hall
221 E Cottage Grove Rd.

AGENDA

1. Call to order
2. Determination of quorum and that the agenda was properly posted
3. Pledge of Allegiance
4. PUBLIC APPEARANCES-Public's opportunity to speak about any subject that is not a specific agenda item
5. Discuss and consider the minutes from the October 27, 2016 Plan Commission meeting
6. PUBLIC HEARING: opportunity for public to provide input regarding proposed General Development Plan submitted by Summit Credit Union for a 120,000 to 140,000 square foot corporate headquarters building.
7. Discuss and consider the proposed General Development Plan submitted by Summit Credit Union for a 120,000 to 140,000 square foot corporate headquarters building.
8. Presentation of concept plan for proposed Shady Grove subdivision.
9. Presentation of concept plan for proposed Helgeland property subdivision.
10. Presentation by Madison United Rugby Club.
11. Comments from commission members
12. Future agenda items
13. Adjournment

This agenda has been prepared by Staff and approved by the Village President as Chair of the Plan Commission for use at the meeting as listed above. Any item on the agenda is subject to final action. Notice: Persons needing special accommodations should call 608-839-4704 at least 24 hours prior to the meeting. It is possible that members of and possibly a quorum of members of other governmental bodies may be in attendance at the above stated meeting to gather information; no action will be taken by any governmental body at the above-stated meeting other than the governmental body specifically referred to above in this notice.

RE: Letter of Intent
PUD – GDP
Summit Credit Union Headquarters
Lots 122511, 122801, 124061, 125681
Commerce Business Park
South East Corner of County N and Interstate 94
Cottage Grove WI

Dear Mr. Ruth,

Please accept the following information as an application for rezoning property located at Lots 122511, 122801, 124061, 125681, Commerce Business Park, South East Corner of County N and Interstate 94, Cottage Grove WI (the "Property"). The Property is currently zoned Planned Office (PO) and as discussed in recent months with the Village of Cottage Grove (the "Village"), our request at this time is to rezone the Property to PUD, Planned Unit Development. The requested zoning change will accommodate the proposed Summit Credit Union Headquarters described herein. We respectfully request that this application and attachments be considered by Village staff, Village Plan Commission, and Village Board for approval of the General Development Plan.

Project Location Map

The Property is located at the South East Corner of County N and Interstate 94, Cottage Grove. The Property area includes approximately 11 acres and is bounded by I-94 on the north, County N on the west, retail and Johnson Health Tech on the south and a single family home and vacant land to the east. Attached is a location map of the subject property and its vicinity at 11x17 inches.

General Project Themes and Images

The proposed development consists of a 6 story 120,000-140,000 sf corporate headquarters building for Summit Credit Union. The following perspective drawings are included only to provide an idea of the overall massing, general orientation and signage design concept for the building. The actual building has yet to be designed, and the specific design will be submitted for approval at the Precise Implementation Plan phase of this project. The massing of the building steps to create roof terraces that provide outdoor seating and breakout areas for the occupants.

Architecture and Materials

The following photographs are included only to provide an idea of the architecture and materials that are being considered for the building. The actual building has yet to be designed, and the specific design will be submitted for approval at the Precise Implementation Plan phase of this project.

A combination of brick, metal panels and aluminum storefront windows

A combination of brick, metal panels, aluminum storefront windows with a base of cast stone.

Cast Stone used for base and accents

Fabric Banners and Sunshades Add Color and Interest to the Facility (Summit Branch, West Allis)

(Summit Branch, Yellowstone Drive, Madison)

General Mix of Land Uses

Potential land uses and building amenities include administrative offices, a credit union branch with drive-up tellers, on-site daycare for employees, training rooms and wellness facilities. The project includes approximately 90 underground parking stalls beneath the building and approximately 400 surface stalls. Potential site amenities include walking paths, outdoor active recreation areas including sand volleyball courts. The potential future development of the site includes more office facilities for Summit Credit Union and the associated parking. The approximate location of the building and parking is shown on the Site Plan.

Approximate Nonresidential Intensities

The proposed approximate nonresidential intensity at full build-out is:

- Floor Area Ratio (FAR): 0.45 (PO district maximum: 0.3)
- Landscape surface area ratio: Minimum 25% (PO district minimum 25%)

The total floor area for non-residential space is approximately 140,000 square feet for phase 1 and approximately 90,000 square feet for phase 2, totaling 230,000 sf. The floor area ratio is calculated by dividing 230,000 square feet by 513,000 square feet which equals 0.45.

General treatment of natural features

The natural topography of the site slopes from west to east, with an existing regional stormwater management pond immediately to the east. The design of the site plan takes the topography into consideration with infiltration basins that are 10% of the roof area and having the regional pond handle the stormwater rate control. The outdoor active recreation area is located to the south of the building in to take advantage of the site's solar orientation.

General relationship to nearby properties, streets, utilities, and facilities

The proposed development will have appropriate size, scale and design as it relates to nearby properties. The six story office tower is located on the north end of the site next to Interstate 94, and is appropriately scaled to the highway. The building steps down towards the south and east, relating to the scale of the buildings in its context. The loading/receiving/dumpster area is located on the east side of the building and is carefully screened to minimize its visual impact. The access drive to the underground parking is also located on the east side of the building, to take advantage of the lower elevation of the topography of the east end of the site.

The overall development will be well-connected to the traffic corridors in Cottage Grove, being located at the intersection of County N and I-94. We are designing two access points for regular use, one on the turnaround at the north end of Landmark Drive and the other on East Gaston Road as illustrated on the preliminary site plan.

Sewer and water utilities are already present in Landmark Drive up to the property line. There is an existing stormwater pond east of the site.

General relationship of project to the Comprehensive Master Plan

The Comprehensive Master Plan shows uses that are similar to the uses proposed for this site. The architecture and materials proposed are consistent with the policies in the Comprehensive Master Plan.

Why PUD zoning is proposed

PUD zoning is proposed for this development site because some of the improvements would not be permitted under the PO zoning district. The proposed building is 6 stories high while the maximum number of floors in the PO district is 4. The proposed building is approximately 90' high, while the maximum building height in the PO district is 45'. The shade trees proposed in the parking areas consist of crabapples, which are 15'-18' tall and 12' high.

Zoning standards of the most comparable zoning district

The most appropriate underlying zoning district for this development is the Planned Office (PO) District. Below is a table that illustrates PO requirements and proposed development characteristics.

Zoning Standards	PO	Proposed Development
Land use	Office	Office
Floor Area Ratio (FAR)	0.3	0.45 (including future bldg.)
Min. landscape surface ratio	25%	25%
Building front or street setback	25 feet	20 feet
Building side setback	10 feet	220 feet
Building rear setback	30 feet	140 feet
Paved surface setback: side/rear	5'	5'
Paved surface setback: street	10'	10'
Max. height / floors	45 feet / 4 floors	90 feet / 6 floors
Off street parking spaces	3.33 stalls/K	3.5 stalls/K

General Conceptual Landscape Plan

The General Conceptual Landscape Plan is depicted in the attached Site Plan. Landscaped active recreation areas with walking paths are proposed. The parking areas are landscaped with low deciduous trees, 18' tall, being crabapples or equivalent species.

Conceptual signage plan

The perspective renderings included in this submittal illustrate the conceptual signage plan. Signage proposed for the building has been designed to be in scale with its massing and its context next to the Interstate Highway. The signage proposed is professionally designed and internally lit, reflecting the brand and image of Summit Credit Union.

Internally lit wall signs and above roof signs (Summit branch, West Allis)

Internally lit signage at the top of the building (University Square, Madison)

Written justification for the proposed planned unit development

Planned unit development zoning is appropriate for this site because it will allow the creation of a signature development at this prominent gateway to the Cottage Grove Community. The project as designed is of a

scale and character that sits well within its context, and will be a positive addition to the public realm. The proposed development and anticipated densities appear to fit within the Village's long term planning efforts and the requested PUD zoning is consistent with Village staff recommendations.

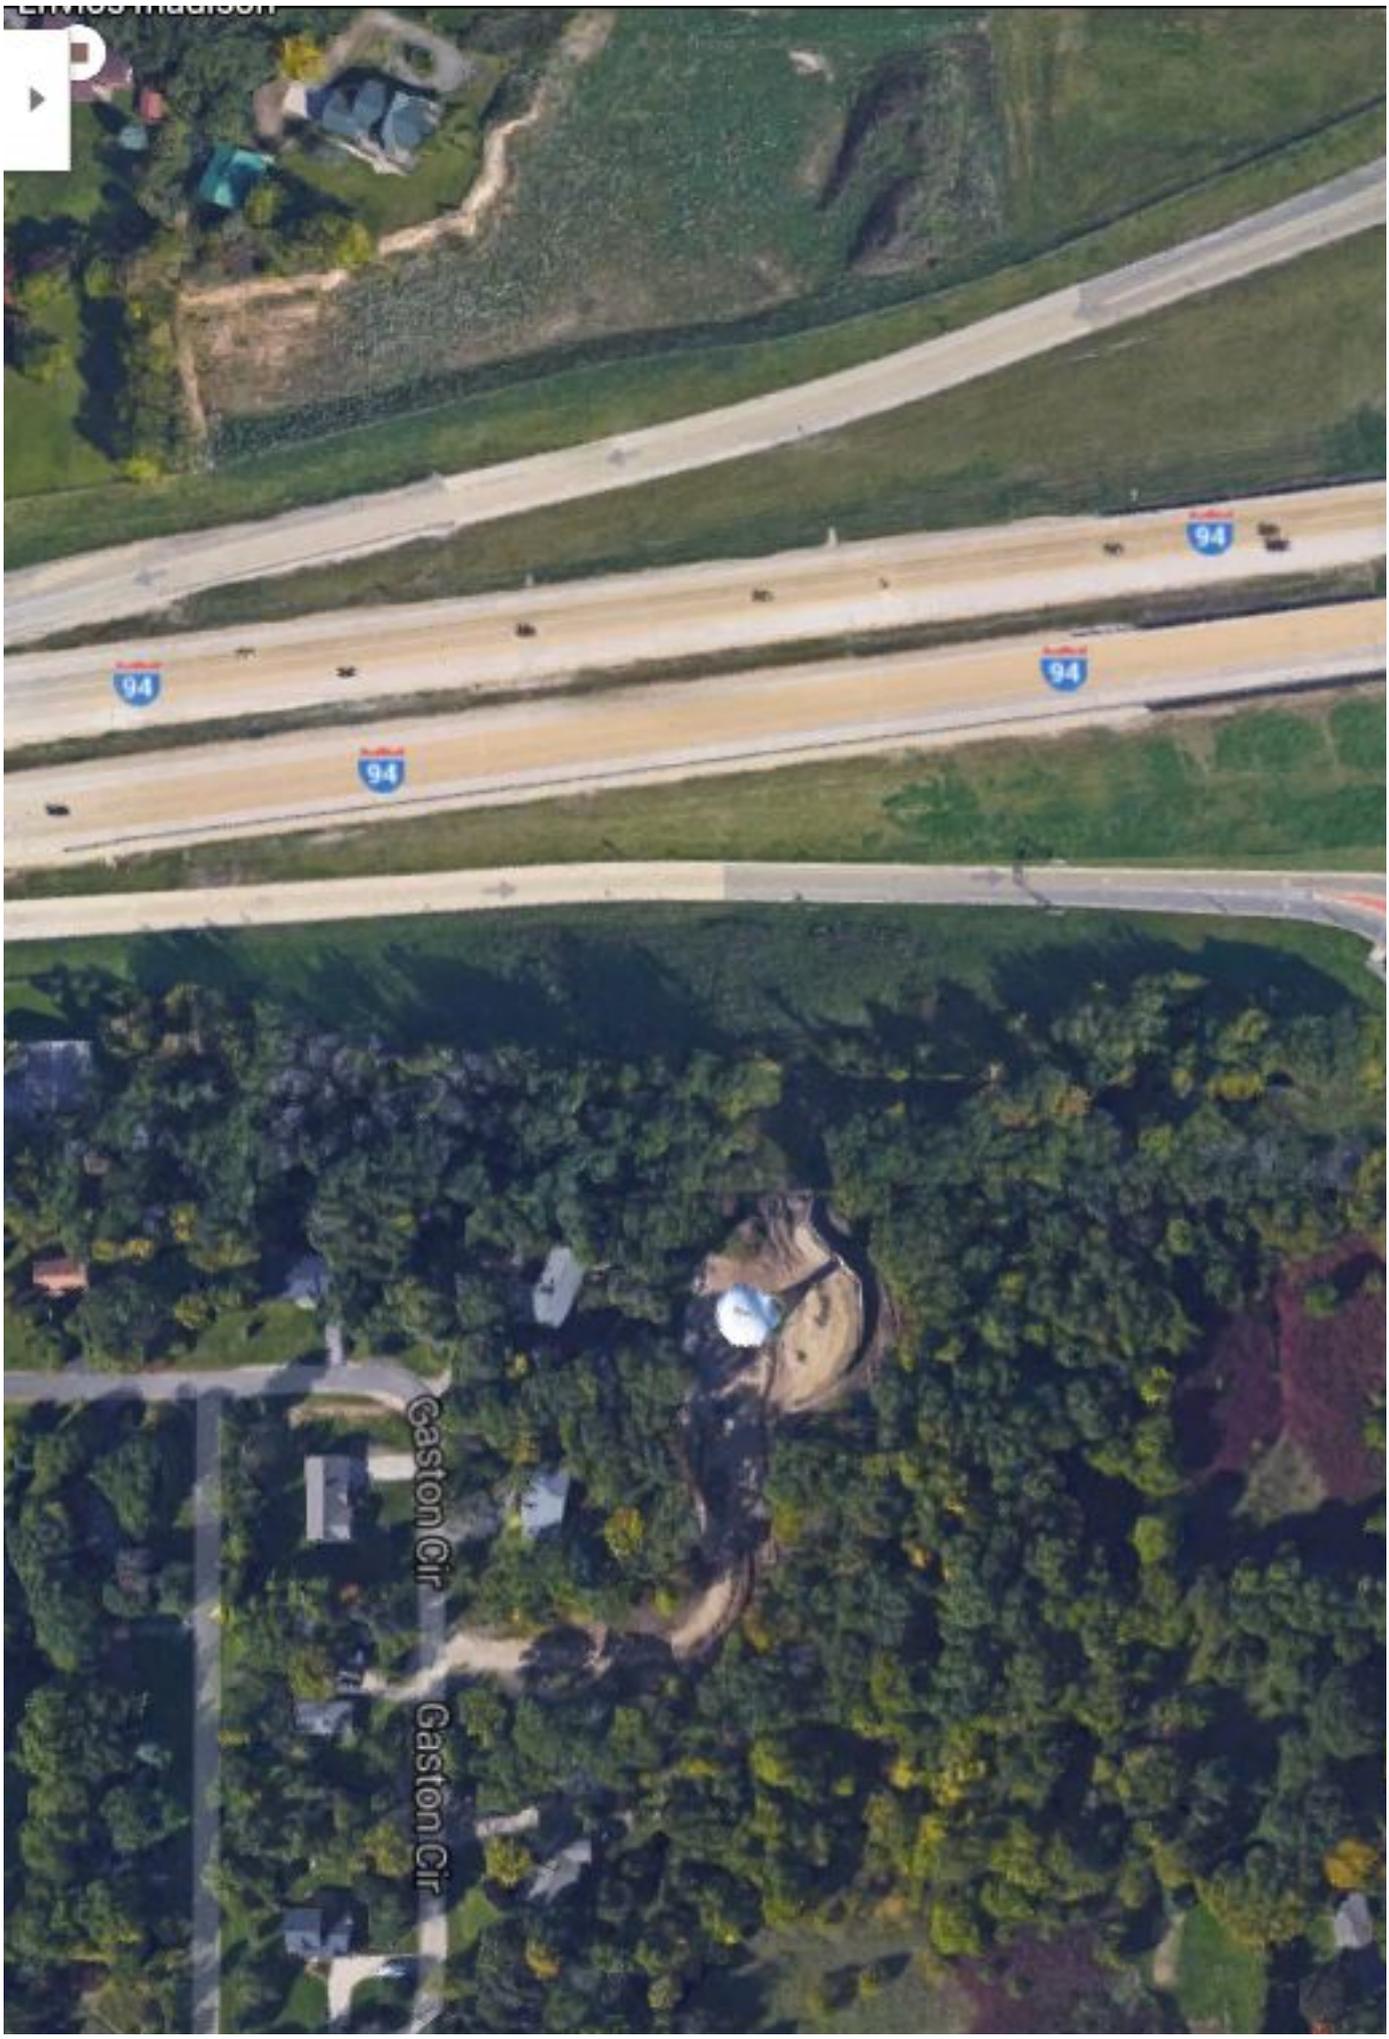

If there are any questions on the above information or explanations please feel free to contact me. Thank you very much for your assistance with this zoning application.

Sincerely,

STRANG, INC.

RE: **Summit Credit Union Headquarters – General Development Plan**

BACKGROUND

Property Owner: Currently Landmark Cooperative, to be purchased by Summit Credit Union

Location: Parcels #071104122511, #071104122801, #071104124061, and #071104125681

Area: 11.6 acres

Agent: Jeremy Eppler – Summit Credit Union
Peter Tan - Strang

Existing Zoning: PO, Planned Office

Proposed Zoning: PUD, Planned Unit Development

Future Land Use Plan: Planned Business

OVERVIEW

Summit Credit Union is proposing to construct a six story office building totaling 120,000 to 140,000 square feet to consolidate its corporate operations into one headquarters building. The building is proposed to occupy 11 acres currently owned by the Landmark Cooperative, located at the north end of Landmark Drive. Summit anticipates over 200 employees to

occupy the building upon opening. The initial phase would include approximately 400 surface parking spaces and 90 underground spaces.

Furthermore, in a change from the concept plan submittal, Summit is now considering the incorporation of a drive-through banking facility on the site. A drive-through is typically a conditional use within the current Planned Office district. At this time, Summit is requesting approval of the use as part of the PUD approval. If Summit ultimately decides to incorporate the facility, the final design will be reviewed as part of the Precise Implementation Plan.

COMPREHENSIVE PLAN CONSISTENCY

The proposed land use is consistent with the description of the Planned Business district in the Comprehensive Plan. Many elements in the plan refer to the importance of high quality buildings at gateway areas such as the Highway N interchange. The concept presented shows tremendous potential to positively redefine the entrance to the Village, with a memorable, landmark building.

Adding approximately 250 jobs initially (with the potential for additional growth) fulfills key goals of the Comprehensive Plan's Economic Development chapter. This added employment base can be expected to have positive ripple effects throughout the Village's local economy. In addition, the building will include a training center that will be utilized by Summit employees from throughout southern Wisconsin. These visitors will again have a positive economic impact.

Finally, Summit is a well-established Wisconsin company with a track record of devoted community service throughout the Madison region. The local branch on Cottage Grove Road in Madison is already a very active member of the Cottage Grove Chamber of Commerce.

ZONING CONSISTENCY

As mentioned above, the applicant is seeking the project's approval as a Planned Unit Development. This will allow the project to transcend certain limitations imposed by the current Planned Office zoning.

Building Height

The primary limitation that the proposed project exceeds is the building's height and number of floors. The Planned Office district has limits of 4 stories or 45 feet. The proposed project has 6 stories and is approximately 90 feet tall.

While this may seem at first glance to be a large discrepancy, staff enthusiastically supports the proposed building's massing and height, for the following reasons:

- Because the proposed project is spread out over four existing lots, the building can be placed far enough away from existing buildings that no negative impacts on those buildings is anticipated.

- The scale and height of the building, along with Summit's name recognition and the expected architectural quality, should help to redefine the perception of the Village within the Madison area in a way that a smaller, more subtle building (and therefore a building that is less visible from I-94) might not.
- Stacking the initial phase vertically leaves substantial space on the site for future expansion needs. A lower building with a larger footprint might limit those expansion opportunities.
- Sale of the four Landmark parcels has been hindered by the presence of a large amount of decades old concrete road construction debris that is buried under the site. The debris must be removed to provide a solid base for building foundations. The cost of removal has been prohibitive for smaller projects that have looked at the site in the past. However, a project of this scale can more readily absorb the removal costs and the tax revenue generated by such a large project could make Village TIF assistance for the removal more feasible.
- The Cottage Grove Fire Department has seen the initial concept and they have no concerns about the proposed height.
- The property is outside of the height limits established by the Village's agreement with Blackhawk Airfield, and by comparison, the proposed building will be much lower than the height of the new water tower located on top of the hill across Highway N. Therefore, obstruction of the airfield runway is not a concern.

Floor Area Ratio

It is possible that construction of the 90,000 square foot future expansion may cause the project to exceed the maximum floor area ratio (FAR) regulated by the Planned Office district. However, much of the excess floor area is derived from the building heights. Even after full build-out, nearly half of the site is expected to remain as green space, which is well over the minimum 25% that is required. Staff would not object to a project that ultimately exceeds the maximum FAR given the already noted positives of the project.

Building Signage

Until final dimensions are determined for the building and the proposed signage, it is not clear if the proposal exceeds size limitations imposed by the Village's Sign Ordinance. However, the conceptual signage shown on the building perspectives appears to be appropriately scaled relative to the building. Staff would support signage similar to that shown in the concepts, regardless of whether it exceeds the limits of the ordinance.

Landscaping

Much like signage, it is too early in the process to add up landscaping points to determine compliance with the ordinance. However, it is Summit's preference to have smaller trees in the parking lot to limit blocking sight lines to the building from the freeway. Staff agrees that it is important to maximize the building's visibility, for reasons already presented. Staff recommends that IF the proposed parking lot trees result in a deficiency of landscaping points, either an exception should be granted and/or additional points may be provided elsewhere on the site.

COMMERCE PARK COVENANTS CONSISTENCY

The proposed project is subject to the covenants of the Cottage Grove Commerce Park. Typically ARC approval occurs in conjunction with final site plan approval. In this case, the project is being approved as a Planned Unit Development which involves a two-step approval process, a General Development Plan and a Precise Implementation Plan. The Plan Commission and Board are obligated by the Village Ordinance to approve both steps. The ARC is required to provide one final approval, in this case at the time of the Precise Implementation Plan. The ARC is being asked to review the General Development Plan now to familiarize them with the project and to gain their insights prior to the applicant's full building design process.

The proposed land use(s) are permitted per Article II of the Commerce Park Covenants.

Article III contains the regulations for office uses within the Planned Office or Planned Business areas. Per III) C) 1), "all facades shall be of brick, stone, architectural concrete panels and glass." The applicant is proposing that the building facades shall be comprised of brick, metal panels, cast stone, and glass accented with colorful banners and integrated signage. These materials meet the requirements of the covenants.

III) C) 1) also states that "no more than 30%, by area, of the façade of the building may be glass." However, this building will be unique within the park given its size (six stories) and location (directly adjacent to both I-94 and Highway N). A structure of this size would likely benefit from the lightness and transparency that additional glass would provide. Staff strongly suggests that the ARC grant an exception to the 30% maximum at this time to allow the architectural team freedom to provide a high quality design that fits the site. While final building elevations are yet to be designed, the ratio suggested by the massing studies and architectural examples would appear to be appropriate for the site.

The applicant intends to hide rooftop units within a penthouse or behind full screening.

Finally, section IV discusses signage and states there is a 200 square foot maximum size. However, most buildings in the park require signage that is only visible from adjacent local streets where people are closer to the buildings and moving at slower speeds. The Summit building requires signage that is visible from I-94, where motorists are further away and moving at high speeds. As demonstrated in the massing studies provided, the signage appears to be well integrated with the design of the building, and it is proportionate with the scale of the building. Staff strongly suggests that the ARC grant an exception to the 200 square foot maximum signage size.

STAFF RECOMMENDATION

Staff recommends approval of the General Development Plan submitted by Summit Credit Union, including the following exceptions or potential exceptions to the underlying Planned Office Zoning:

1. The building height shall be permitted to exceed the 45 foot and 4 story maximum allowed per the PO zoning district.
2. Given the additional height of the building, a floor area ratio above the maximum allowed per the PO zoning district shall be permitted.
3. Signage may be scaled so as to be proportionate to the building and highly visible from the freeway. In doing so, the size of the signage may exceed the maximum allowed per the sign ordinance and the Commerce Park covenants.
4. The drive up teller lanes shall be permitted as a part of the PUD without additional approval as a conditional use. Final location and impact on vehicular circulation shall be reviewed as part of the Precise Implementation Plan.
5. The applicant, in the final building elevation design, shall be allowed to exceed the 30% maximum for glazing on the façade. It is anticipated that additional glazing, consistent with that suggested by the GDP submittal, will benefit the architectural quality of the building.

VILLAGE ACTION REPORT

PROJECT: Summit Credit Union – Planned Unit Development

APPLICANT: Jeremy Eppler, Summit Credit Union

PROJECT LOCATION: North end of Landmark Drive

REPORT DATE: November 18, 2016

PROJECT DESCRIPTION: Summit Credit Union is proposing to construct a six story office building totaling 120,000 to 140,000 square feet to consolidate its corporate operations into one headquarters building. The building is proposed to occupy 11 acres currently owned by the Landmark Cooperative, located at the north end of Landmark Drive (parcels #071104122511, #071104122801, #071104124061, and #071104125681). Summit anticipates over 200 employees to occupy the building upon opening. The initial phase would include approximately 400 surface parking spaces and 90 underground spaces.

PLAN COMMISSION MEETING: October 27, 2016

STAFF REPORT PROVIDED BY: Planner, Engineer, Public Works

Presentation of concept plan only – no formal action taken by the Plan Commission.

APPLICANT COMMENTS:

- (Peter Tan – Architect, Strang) – provided a power point presentation of concept site plans and perspective views. He also displayed images of other Summit buildings and Strang designs to provide examples of potential materials and design motifs. Tan explained that they are applying for a PUD due to certain requested exceptions from the current Planned Office zoning, including the building height, size of the signage, the floor area ratio, and height of the trees.
- (Rebecca Gerothanes – Sr. VP Operations, Summit Credit Union) – available for questions.

PLAN COMMISSION COMMENTS:

- (Mick Conrad) – How visible will the loading dock be from the freeway? He doesn't want that to be the first thing you see coming into the Village. Tan responded that the dock is screened with a wall and is on a lower portion of the site. Tan added that he and Summit don't want the dock to be prominent either. Henrich stated that most people will likely focus on the tower and signage as opposed to the dock. Gerothanes added that the dock will be used infrequently.
- (Kyle Broom) – Asked if staff had any concerns about the building's height. Ruth stated that staff approved of the building height for the following reasons: 1) the building is beyond the limits of the airspace required in the Village's agreement with Blackhawk Airfield and it's much lower than the top of the water tower across the street, 2) the CGFD has reviewed the concept and has no objection to the height, 3) by stacking the floors higher more of the site is kept open for green space and future expansion, and

4) the additional height will provide the building with greater potential to become a landmark building at the gateway to the Village.

- (Mick Conrad) – Will there be other users in the building that will also require their own signage? Gerothanes responded that Summit will be the only building occupant.
- (Jon Russell) – Asked if the 250 employees represent new jobs or relocated jobs. Gerothanes responded that the 250 employees will be relocated to Cottage Grove from other locations such as Madison, Sun Prairie, and Waunakee. Summit has experienced high levels of growth in recent years, which is expected to continue. In addition, the training center will bring employees in from branches throughout southern Wisconsin.

PUBLIC COMMENTS:

- (Mike Millage – CG Chamber of Commerce President) – noted that Summit is already a very active chamber member. He’s very excited about the project and it will be great to have Summit in the community.

STAFF COMMENTS:

- (Bruce Boxrucker – Chief, CGFD) – noted that he had attended the meeting with Tan and staff. He is satisfied with the design.
- (Mike Maloney – Village Engineer) – noted the presence of landscaping that had been planted on the Village’s stormwater management outlot immediately east of the Summit site.
- (Erin Ruth – Village Planner) – see staff report, and as noted above.

ARCHITECTURAL REVIEW COMMITTEE MEETING: November 16, 2016

STAFF REPORT PROVIDED BY: X Planner, ___ Engineer, ___ Public Works

MOTION: by Hackel (1st), Broom (2nd)

General Development Plan was APPROVED with the following conditions:

1. The building height shall be permitted to exceed the 45 foot and 4 story maximum allowed per the PO zoning district.
2. Given the additional height of the building, a floor area ratio above the maximum allowed per the PO zoning district shall be permitted.
3. Signage may be scaled so as to be proportional to the building and highly visible from the freeway. In doing so the size of the signage may exceed the maximum allowed per the sign ordinance and the Commerce Park covenants.
4. The drive up teller lanes shall be permitted as a part of the PUD without additional approval as a conditional use. Final location and impact on vehicular circulation shall be reviewed as part of the Precise Implementation Plan.
5. The applicant, in the final building elevation design, shall be allowed to exceed the 30% maximum for glazing on the façade. It is anticipated that additional glazing, consistent with that suggested by the GDP submittal, will benefit the architectural quality of the building.
6. The front setback may be reduced from the 25’ feet required by the PO district.

VOTE: 3 Aye, 0 Nay, 0 Abstain

APPLICANT COMMENTS:

- (Peter Tan – Architect, Strang) – provided a power point presentation of GDP site plans and perspective views. He also displayed images of other Summit buildings and Strang designs to provide examples of potential materials and design motifs. Tan explained that they are applying for a PUD due to certain requested exceptions from the current Planned Office zoning, including the building height, size of the signage, the floor area ratio, and height of the trees.
- (Jeremy Eppler – VP of Risk Management and Facilities, Summit Credit Union) – available for questions.

ARC COMMENTS:

- (Kyle Broom) – Is the height acceptable relative to the airport? Ruth responded that it is. The Village has an agreement with the airport that defines an area where heights are restricted. This site is beyond the area covered by the agreement.
- (Mike Hackel) – Will the open roof terraces be enclosed with solid parapets or open railings? How visible will activity on the terraces be? Tan responded that final decisions have not been made, but it will likely vary by location. Tan felt that the activity would enhance rather than detract from the design. Ruth asked if landscaping would be incorporated on the terraces, as that might help to visually organize the spaces. Tan responded that landscaping on the terraces was likely.
- (Kyle Broom) – Overall the building looks good. He is in favor of providing flexibility in the signage design and size. He noted that the banners incorporated in the recently built Summit branch in Stoughton look good.
- (Mike Hackel) – Agreed the banners look good. Asked if they would occur closer to the ground level? Tan confirmed that they would be closer to the ground, primarily around and above the main entry.
- (Mike Hackel) – Had some concerns about vehicle circulation related to the potential branch and drive-through, but he agreed the details could be worked out in the Precise Implementation Plan. He also wanted to make sure that the drive-through canopy is well integrated with the rest of the building. Eppler and Tan agreed.
- (Kyle Broom) – Is the Ghidorzi Building still an option for a branch? Eppler replied that it is. They don't have a final decision on whether to include a branch or not, but they want to discuss it now to keep the option on the table.
- (Mike Hackel) – Inquired about the Commerce Park sign located north of the site? Will it detract from the building? Will it need to be moved? Tan replied he liked the look of the sign and he didn't think it would be an issue.

PUBLIC COMMENTS:

- None present.

STAFF COMMENTS:

- (Erin Ruth – Village Planner) – see staff report, and as noted above.

PLAN COMMISSION MEETING: November 17, 2016

STAFF REPORT PROVIDED BY: X Planner, Engineer, Public Works

MOTION: by Henrich (1st), Conrad (2nd)

General Development Plan was APPROVED with the following conditions:

1. The building height shall be permitted to exceed the 45 foot and 4 story maximum allowed per the PO zoning district.
2. Given the additional height of the building, a floor area ratio above the maximum allowed per the PO zoning district shall be permitted.
3. Signage may be scaled so as to be proportional to the building and highly visible from the freeway. In doing so the size of the signage may exceed the maximum allowed per the sign ordinance and the Commerce Park covenants.
4. The drive up teller lanes shall be permitted as a part of the PUD without additional approval as a conditional use. Final location and impact on vehicular circulation shall be reviewed as part of the Precise Implementation Plan.
5. The applicant, in the final building elevation design, shall be allowed to exceed the 30% maximum for glazing on the façade. It is anticipated that additional glazing, consistent with that suggested by the GDP submittal, will benefit the architectural quality of the building.
6. The front setback may be reduced from the 25' feet required by the PO district.

VOTE: 7 Aye, 0 Nay, 0 Abstain

APPLICANT COMMENTS:

- (Peter Tan – Architect, Strang) – provided a power point presentation of GDP site plans and perspective views. He also displayed images of other Summit buildings and Strang designs to provide examples of potential materials and design motifs. Tan explained that they are applying for a PUD due to certain requested exceptions from the current Planned Office zoning, including the building height, size of the signage, the floor area ratio, and height of the trees.
- (Jeremy Eppler – VP of Risk Management and Facilities, Summit Credit Union) – available for questions.

PUBLIC HEARING COMMENTS:

- (Tom & Ginnie Olson, 2454 Gaston Road) – not opposed to the project but concerned about factors that might affect them as neighbors. Shared concerns about parking on Gaston Road, especially in combination with semis entering the eastern driveway. Semis to Johnson Health Tech often miss the driveway and struggle to get turned around on Gaston Road. Olson asked if eastern driveway would be lower than existing berm. Tan replied that he believed it would be lower, and Maloney noted that trees on the berm were planted in 2003. Olson asked about lighting. Tan indicated that dark sky fixtures would be used, and Ruth noted that a photometric study would be required with the PIP submittal. Olson asked how the future development area would be treated. Tan responded it would likely be left as it is. Olson asked if the facility would be used at night. Eppler replied that some training would occur at night, but likely would end no later than 8:00 p.m.

- (Dean Kalmerton, 2448 Gaston Road) – asked if parking could be controlled around the eastern driveway to avoid conflicts with semis entering and parked cars. Maloney responded that this has been done in other places in the park, and the issue could be reviewed by public works.

PUBLIC COMMENTS SUBMITTED OUTSIDE OF HEARING:

- (Mark McDonnell, resident – left voicemail Friday, 11/18 at 6:30 a.m.) – stated that he believes the Summit project is a “bad idea for Cottage Grove” and “terrible for the area.” He felt traffic would be affected and the project would jeopardize the small town feel of Cottage Grove.

PLAN COMMISSION COMMENTS:

- (Kyle Broom) – Noted the eastern driveway was very long and straight. He wondered if elements should be added to control speed. Tan said they would review the issue prior to submitting the PIP.
- (Mick Conrad) – asked where the sunshades are planned? Tan replied they would be on the first and second floor around the entry. Conrad asked if the banners were considered signs under the ordinance. Ruth replied that he did not consider them to be signs as they do not include text or logos. Conrad asked if the 90’ height included the mechanical penthouse. Tan replied that it did not, the height would be approximately 105’ including the penthouse.
- (Fred Schultz) – noted that a customer branch was not part of the concept plan. Eppler confirmed that it was not. They have not decided if one will be included or not, but they would like to keep the option open.
- (Mick Conrad) – asked where the drive-through lanes would occur. Tan replied most likely, if they are implemented, they would occur on the west side of the building.

STAFF COMMENTS:

- (Mike Maloney – Village Engineer) – as noted above.
- (Erin Ruth – Village Planner) – see staff report, and as noted above.

DEER-GROVE EMS COMMISSION MEETING
Deerfield Village Hall
4 N. Main Street, Deerfield, WI 53531
Thursday, November 17, 2016 6:30 PM

AGENDA

1. Call to Order.
2. Public Appearances: The public's opportunity to speak to the commission about any item not on the agenda.
3. Approval of minutes from previous meeting(s).
4. Discuss and Consider approval of October Financial Reports.
5. Discuss and Consider approval of Bills for Budgeted/Approved Expenses.
6. Discuss and Consider approval of Write Offs and Aging of Accounts.
7. Staff Report.
8. Correspondence.
9. Discuss and consider submitted AFG grant.
10. Update on DGEMS and MAEMS regionalization discussions.
11. Discuss and consider RFP for Consolidation Implementation Advisor.
12. Discuss and consider offering contracted EMS services.
13. Discuss and consider revising special event fees.
14. Discuss and consider a Resolution to adopt revisions to the Personnel Handbook.
15. Update on DaneCom implementation.
16. Discuss resolution of retroactive WRS payment issue.
17. Discuss and consider approval of a letter of engagement with Johnson Block and Company for the 2016 audit of DGEMS financial statements.
18. Discuss and consider process for Chief's annual review.
19. Set next commission meeting date and location.
20. Agenda items for next commission meeting.
21. Adjournment.

ANY ITEM IS SUBJECT FOR ACTION

By: Harvey Potter, Chairperson

Submitted November 11, 2016

It is possible that members of and a possible quorum of members of other governmental bodies of the municipalities may be in attendance at the above-stated meeting to gather information; no action will be taken by any other governmental body at the above-stated meeting other than the governmental body specifically referred to above in this notice.

Please Note: Upon reasonable notice, efforts will be made to accommodate the needs of disabled individuals through appropriate aids and services. For additional information or to request this service, contact the Deer-Grove EMS Chief
