Andrew Homburg indicated that this annexation is part of the Comprehensive Plan and has been looked at extensively over the last 10 years. Mike Maloney Village Engineer indicated that the entire road on Buss should be annexed as it is very difficult to maintain only half of the road. Andrew Homburg indicated that they could look into the parkland. Kris Hampton-3310 County N was present to speak against the annexation. David Riesop was present to explain the proposed development on Kennedy Road in the Town of Cottage Grove. The area is shown on the Comprehensive Plan and they would like to develop it in three phases. review and preliminary and final plat approval by the Village in addition to the Town and Dane County. Ratcliff questioned the alignment of the lots and that they do not match up with the current lots and that has been an issue to Town property owners adjacent to previous developments. Ratcliff asked if the plan was consistent with the comp plan, since the plan shows a north/south street connecting to BB. Ruth indicated that the road was placed as shown on the plan to assure alignment of streets across BB if land to the south develops. If the developer wanted to connect to BB it should be at the location shown in the comp plan. Since they are not connecting, it's not an issue.
