Brief Presentation: 6:15 p.m.

Current Project Schedule:

Project Start Construction

June 30, 2008

Project End Construction

November 1, 2008

Project Contact:

Mike Maloney, P.E.

Village Engineer

MSA Professional Services, Inc.

2901 International Lane, Suite 300

Madison, WI 53704-3133

Phone: 608-242-7779

If you have questions or concerns about this project, contact the above representative.

Agenda:

Project Overview

Vilas Road will be reconstructed from Weald Bridge Road to Progress Drive due to upgrades to the Village's sanitary sewer system. The project includes the installation of sanitary sewer from the proposed lift station site (4195 Vilas Road) and the reconstruction of Vilas Road. Reconstruction of Vilas Road will include adding curb and gutter, improving drainage, and extending underground utilities.

Road Closures:

The proposed construction will close Vilas Road starting in early July. The road closures will be during utility work under the roadway and may last up to one week or longer in length. Provisions will be made for residents on Vilas Road to gain access to their driveways at all reasonable times.

Construction Work Area Caution:

The proposed construction will cause deep utility trenches and pits within the existing road area. No unauthorized vehicles, personnel or visitors shall be allowed to enter the site without approval. Residents should speak regularly with the Project Contact to accommodate special needs.

Questions:

Please contact **Mike Maloney** or **Eric Dundee**.

Phone: **608-242-7779** with any questions or concerns regarding the project.
